

Carpools for 2007-2008

We expect transportation to present some difficulties for families. To alleviate some of those difficulties, we are working with the RideArrangers' schoolpool program to provide free carpool matching assistance. The schoolpool program is a confidential service sponsored by the Denver Regional Council of Governments. The RideArrangers program has been successfully operating in the Denver metropolitan area for many years.

In order to assist families, we will provide our school's roster to RideArrangers, which includes the names, addresses, and telephone numbers of our families. Using a mapping software program, RideArrangers will plot everyone's home address on a map. After that, they will send you a list identifying the families who live closest to you. The list will include the names of the parents, students, grade levels, addresses, phone numbers, and driving preferences of Denver School of Science and Technology (DSST) families only. If you are interested in carpooling, **it will be up to you to contact the families on your list to make arrangements.** Please fill out a form for each household.

We have been assured by RideArrangers that our school roster will remain confidential and will only be used to match families at DSST. Families receiving carpool lists are not obligated to carpool and can use the list as a reference or in the event they have temporary transportation needs. We also encourage families to use this list as a way of forming community. Feel free to use the list to have family potlucks and other activities in your neighborhood!

Please indicate below if you would like your name included on the list as well as your driving preferences and return the sheet to DSST by July 19th, 2007.

If you have questions regarding the program, please call Mia Bemelen at RideArrangers at (303) 480-6772.

DSST and RideArrangers assume no responsibility for carpools, but provide carpool information for your use.
